Dear Robert:

The raves are still coming in!

Your presentations here in Medina County will rank among the most successful in our ten year plus history of presenting to the schools and community. Yes, we will work toward next year - we should attempt to talk more about dates within the coming week.

I can't tell you how much I enjoyed our times together over the period of days and how much I enjoyed having the opportunity to meet your lovely wife. Mary Ann, my lovely bride, is looking forward to meeting both of you this summer if your schedule allows you to join us for a few days. Let's look at our schedule.

Sorry I missed your call on Saturday. I'll try to call you today.

With regard to this summer, as I mentioned, the best weekend to cover lots of bases would be Friday, July 19 through Sunday. We have a Community Band concert on Friday night at 8:30p, we could well take in Blossom Music Center on Saturday, and then we have a Sousa Band concert on Sunday (at 5p) in Macedonia. Should be fun and you could stay with us. Look at your schedule.

Sincerely,

Marcus L. Neiman
Fine Arts Consultant
