

Bob Milne

Would you like to have a spectacular pianist on your program? Consider the following:

- 1) A PBS film crew has been assigned to follow Mr. Milne around for a year to make a real-life documentary of his incredible concerts.
- 2) Bob played over 200 concerts in 2001 alone, criss-crossing North America 3 times in the process.
- 3) Japan made him an honorary citizen following his ground-breaking ragtime tour in 2000.

Reviews

“Bob Milne is regarded as the finest ragtime/boogie-woogie pianist on this planet.” (Examiner-Banner, Gravenhurst, Ontario)

“The audience definitely got their money’s worth, listening to one man who sounds more like 2 or 3 people.” (Canyon Courier, Evergreen, Colorado)

“On Friday, when 5 concert pianists were playing on 4 pianos, they made almost as much music as you did with Barrel House Rag on one piano.” (Email from a fan)
